

Native Plants

Asclepias tuberosa
Butterfly Weed

About Medford Nursery

Medford Nursery has been a proud member of the Robert Baker Family of companies since 1980. We are a wholesale grower operating on over 400 acres in central New Jersey. Medford Nursery services the finest independent garden centers and re-wholesalers in the Mid-Atlantic, Northeast, and upper Midwest markets.

Medford Nursery grows exceptional shrubs, perennials and roses. We work closely with our branded partners to offer a wide selection of plants. Medford Nursery features the newest and most exciting varieties available on the market as well as the tried and true favorites.

Above all, we have the highest level of customer service in the industry. We have an on-the-road salesperson in all of our shipping regions that will respond quickly to your needs. Our Inside Sales and Customer Service team is second to none. We pride ourselves on the relationships we maintain with our long-standing customers.

Echinacea purpurea
Purple Coneflower

Introduction

Thank you for taking the time to review our offering of native plants and native cultivars. As the demand for native species continues to grow, we remain committed to being your number one supplier for reliable, landscape-ready native plants. We have curated a collection of plants that have proven to perform well in the landscape. We hope that this selection meets your needs and welcome any suggestions for additional varieties you'd like to see offered. As always, we appreciate your partnership and are here to support you. Please reach out with any questions. We look forward to hearing from you.

Alex Salvi
General Manager
Medford Nursery

Perennials

Lobelia cardinalis

Cardinal Flower

Showy, upright, bright red stalked flowers which are an important nectar source for hummingbirds and swallowtail butterflies.

Size #1

Zone 2

Mid Summer - Early Fall

Allium cernuum

Nodding Onion

Size: #1 | Zone: 3

Mid Summer - Late Summer

Tiny bell shaped pinkish-purple flowers that umbels downward nodding towards the ground.

Asclepias incarnata

Swamp Milkweed Cinderella

Size: #2 | Zone: 3

Mid Summer - Early Fall

Small, vanilla scented pink flowers with lance-shaped green leaves. Flowers are a nector source for hummingbirds, butterflies and pollinators. Leaves are food for monarch butterfly caterpillars.

Asclepias tuberosa

Hello Yellow Butterfly Weed

Size: #1 | Zone: 3

Early - Late Summer

Bright, golden yellow flowers that continuously bloom with lance-shaped green leaves, attracts butterflies like magnets!

Aruncus dioicus

Goat's Beard

Size: #2 | Zone: 4

Early Spring - Mid Summer

Feathery, creamy white plumes that bloom above clumping dark green foliage.

Asclepias tuberosa

Butterfly Weed

Size: #1 | Zone: 3

Early - Late Summer

Long blooming period with bright orange-yellow flowers with lance-shaped green leaves, that Monarch butterflies, hummingbirds and pollinators love.

Boltonia asteroides

False Aster or Chamomile

Size: #2 | Zone: 3

Late Summer - Mid Fall

Easy-to-grow narrow, flat, bright white flowers with yellow center, standing out against grey-green leaves. Great choice for rain gardens.

Callirhoe involucrata

Purple Poppy Mallow

Size: #1 | Zone: 4

Late Spring - Mid Summer

Drought tolerant groundcover with bright magenta cup-shaped flowers that open in the morning and close at night!

Chelone obliqua

Tiny Tortuga Pink Turtlehead

Size: #1 | Zone: 4

Mid Summer - Early Fall

Wetland plant that attracts a plethora of pollinators. Remarkably pest resistant, and reliably beautiful.

Coreopsis pubescens

Sunshine Superman Star Coreopsis

Size: #1 | Zone: 5

Early - Late Summer

Bright 2 inch yellow flowers with orange center that have a long blooming period, sitting above long, grass-like foliage.

Coreopsis verticillata

Moonbeam Threadleaf Coreopsis

Size: #1 & #2 | Zone: 3

Early - Late Summer

Creamy yellow daisy-like flowers with dark yellow center, blooming above feathery thread-like leaves

Coreopsis verticillata

Zagreb Threadleaf Coreopsis

Size: #1 & #2 | Zone: 3

Late Spring - Mid Summer

Bright golden yellow daisy-like flowers with dark yellow center, blooming above airy and feathery thread-like leaves.

Dicentra eximia

Fringed Bleeding Heart

Size: #1 | Zone: 3

Early Spring - Mid Summer

Pink to purplish-red heart shaped nodding flowers blooming above fern-like grey-green foliage.

Echinacea paradoxa

Yellow Coneflower

Size: #1 | Zone: 4

Early Summer - Early Fall

Tall bright yellow flowers, perfect for cut flowers and attracting pollinators. Attracts various butterflies and bees.

Echinacea purpurea

Mellow Yellows Coneflower

Size: #1 | Zone: 4

Late Spring - Early Fall

Pale cream to dark yellow variety of flowers, standing out against dark green foliage. Blooms continuously throughout the summer.

Echinacea purpurea

Magnus Purple Coneflower

Size: #1 & #2 | Zone: 3

Early Summer - Early Fall

Bold, giant, rosy purple flowers, perfect for cut flowers and attracting pollinators. Highly adaptable tolerating heat, humidity, and poor soil.

Echinacea purpurea

Prarie Splendor Purple Coneflower

Size: #1 | Zone: 3

Early Summer - Early Fall

Compact variety with large, rosy purple flowers, attracting butterflies, finches and songbirds. Thrives in dry soil. Unsurpassed bloom time.

Echinacea purpurea

Ruby Star Purple Coneflower

Size: #1 | Zone: 3

Early Summer - Early Fall

Large, saturated pink flowers, burnt orange center, and dark green foliage. Long lasting, great for cut flowers and attracts numerous butterflies and small birds.

Echinacea purpurea

White Swan Coneflower

Size: #1 | Zone: 3

Early Summer - Early Fall

Sweet, honey scented, white flowers with copper center and dark green foliage. Dried flower heads will attract gold finches and other birds to feast on the seeds.

Eupatorium dubium

Baby Joe Dwarf Pye Weed

Size: #2 | Zone: 3

Mid - Late Summer

Butterfly loving, sweet scented, bright purple blooms for late season color.

Geranium maculatum

Dark Roast Geranium

Size: #1 | Zone: 4

Early - Late Spring

Fuchsia dainty flowers with white center, sitting on a bed of clumping dark foliage.

Heliopsis helianthoides

Bleeding Hearts False Sunflower

Size: #2 | Zone: 3

Mid - Late Summer

Fire red and bright orange blooms transition to bronze, standing out against dark green-purple foliage. Highly attractive to butterflies.

Heliopsis helianthoides

Summer Sun False Sunflower

Size: #2 | Zone: 3

Mid - Late Summer

Bright gold multi petal flowers with glossy deep green foliage, long blooming, drought tolerant with compact habit.

Heuchera americana

Green Spice Coral Bells

Size: #1 | Zone: 4

Late Spring - Mid Summer

Light green and silvery-grey lobed foliage with dark purple veins, tiny white floral spikes appearing in summer. In the fall, foliage turns pumpkin orange. Perfect for all season color!

Heuchera micrantha

Palace Purple Coral Bells

Size: #1 & #2 | Zone: 4

Late Spring - Mid Summer

Easy-to-grow purple and bronze-green lobed foliage, with creamy white bell shaped floral spikes. Attracts pollinators like bees, butterflies and hummingbirds.

Heuchera villosa
Autumn Bride Coral Bells

Size: #2 | Zone: 3

Mid Summer - Early Fall

Lime green, sharp toothed foliage emerging in a spiral, with large pure white flowers continuing until frost.

Iris versicolor
Purple Flame Iris Versicolor

Size: #2 | Zone: 2

Late Spring - Early Summer

Deep purple and bright green spiked foliage, with bright blue-purple and yellow centered blooms emerging in summer.

Liatris spicata
Floristan White Gay Feather

Size: #2 | Zone: 3

Mid Summer - Early Fall

Tall, fluffy, soft white spikes, bringing texture to compact spaces. Attracts rare butterflies, moths, and caterpillars.

Liatris spicata
Kobold Spike Gay Feather

Size: #2 | Zone: 3

Early - Late Summer

Bright lavender flower wands open from top to bottom giving big flower power for smaller spaces. Attracts butterflies, hummingbirds and songbirds.

Monarda
Gardenview Scarlet Bee Balm

Size: #1 | Zone: 4

Mid Summer - Early Fall

Robust, eye catching, vivid scarlet red flowers. Noted for its resistant to powdery mildew and supports a diverse range of pollinators.

Packera aurea
Golden Ragwort

Size: #1 | Zone: 3

Mid - Late Spring

Flat-topped clusters of bright yellow daisy like flowers, sitting high atop semi-evergreen bright green foliage, perfect for a good native ground cover.

Phlox paniculata

Jeana Tall Garden Phlox

Size: #2 | Zone: 4

Mid Summer - Early Fall

Fragrant, upright, dense clusters of pink-purple flowers, attracting magnitudes of butterflies, especially Eastern Tiger Swallowtails.

Phlox Subulata

Spring Blue Moss Phlox

Size: #1 | Zone: 3

Early - Late Spring

Blushed lavender-blue dainty flowers that completely covers soft needle foliage when in bloom. Ideal for groundcover or to cascade over rocks.

Phlox Subulata

Spring Hot Pink Moss Phlox

Size: #1 | Zone: 3

Early - Late Spring

Bright hot pink dainty flowers that completely covers soft needle foliage when in bloom. Ideal for groundcover or to cascade over rocks.

Phlox Subulata

Spring Purple Moss Phlox

Size: #1 | Zone: 3

Early - Late Spring

Bright purple dainty flowers that completely cover soft needle foliage when in bloom. Ideal for groundcover or to cascade over rocks.

Phlox Subulata

Spring White Moss Phlox

Size: #1 | Zone: 3

Early - Late Spring

Pure white dainty flowers that completely covers soft needle foliage when in bloom. Ideal for groundcover or to cascade over rocks.

Polemonium reptans

Stairway to Heaven Jacob's Ladder

Size: #2 | Zone: 3

Mid Spring - Early Summer

Clusters of light blue, bell shaped flowers with oval leaves climbing up the stems, like a ladder!

Rudbeckia

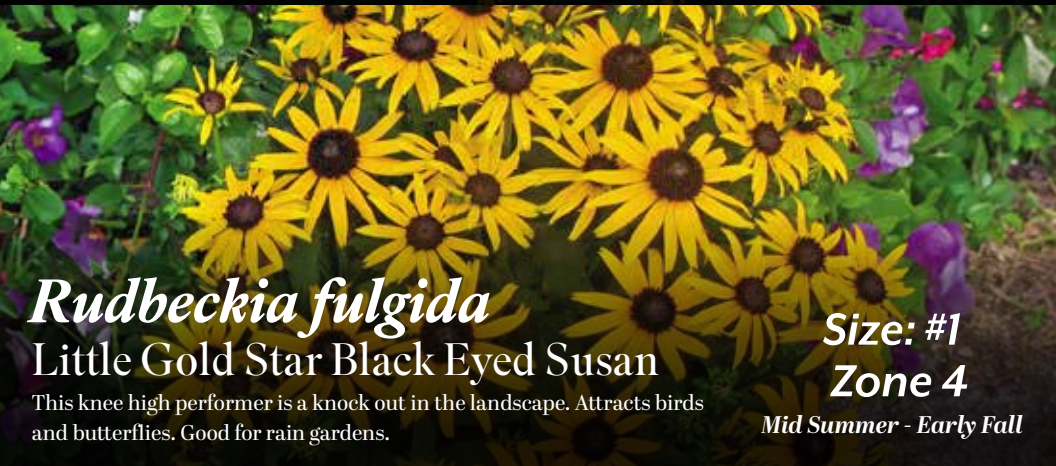

Rudbeckia fulgida *var. sullivanti*

Goldstrum Black Eyed Susan

Clump-forming small golden yellow flowers with a flat star shaped, perfect for bringing some bright color later in the season. Hallmark plant of prairies and meadows.

Size: #1 & #2
Zone 3

Mid Summer - Early Fall

Rudbeckia fulgida

Little Gold Star Black Eyed Susan

This knee high performer is a knock out in the landscape. Attracts birds and butterflies. Good for rain gardens.

Size: #1
Zone 4

Mid Summer - Early Fall

Rudbeckia laciniata

Autumn Sun

Long-blooming butterfly (especially monarch) magnet, with clusters of yellow flowers with large green cones that darken with age. Very cold hardy. Good for wetlands, clay soils, rain gardens, and soil retention.

Size: #2
Zone: 5
Mid - Late
Summer

Rudbeckia Maxima

Giant Coneflower

Easy-to-grow, tall and large golden yellow blooms. A must have for butterfly and bird lovers.

Size: #2
Zone: 4
Early - Late
Summer

Pycnanthemum muticum

Mountain Mint

Size: #1 | Zone: 4

Mid Summer - Early Fall

Spearmint scented, dark green-grey foliage that has a clumping form, showing tiny two-lipped pink flowers in summer

Scutellaria incana

Downy Skullcap

Size: #1 | Zone: 5

Mid Summer - Early Fall

Beautiful, blue flowers that will grow well in sun or part-shade, attracting beneficial bugs and hummingbirds.

Silene caroliniana

Wild Pinks Short and Sweet

Size: #1 | Zone: 4

Early Spring - Early Summer

Compact, star shaped, pink flowers that can last up to 8 weeks! Flowers are vibrant and full of nectar, perfect for attracting hummingbirds.

Sisyrinchium angustifolium

Lucerne Blue Eyed Grass

Size: #1 | Zone: 4

Early Spring - Early Summer

Dainty, compact, blue-violet flowers with yellow center, sitting above grass-like foliage.

Solidago rugosa

Fireworks Rough Goldenrod

Size: #2 | Zone: 4

Late Summer - Early Fall

Golden yellow flowers that cover arching branches of green foliage, resembling fireworks!

Spigelia marilandica

Little Redhead Indian Pink

Size: #2 | Zone: 5

Late Spring - Late Summer

Bright red, tubular flowers held atop bright green foliage. Preferring part sun, these are great for bringing a pop of color to your shady areas!

Symphyotrichum oblongifolium

Aromatic Aster Twilight Sky

Size: #2 | Zone: 3

Early - Mid Fall

Dense, mounding perennial that has flat, deep purple flowers with a yellow center. Perfect for late summer color!

Veronicastrum virginicum

Culver's Root

Size: #2 | Zone: 3

Early Summer - Early Fall

Elegant, hard and whimsical, this plant gives excellent architectural impact while keeping a naturalistic planting style. Forms neat clumps, attracting many beneficial insects.

Tiarella cordifolia

Oakleaf Foamflower

Size: #1 | Zone: 4

Mid - Late Spring

Cold-hardy, shade loving perennial with spikes of foamy white and pinkish flowers, sitting high above a dense mound of foliage.

Tiarella cordifolia

Running Tapestry Foamflower

Size: #1 | Zone: 4

Early - Late Spring

Heavy shade lover with bright white spikes of foamy flowers sitting above dense mounding foliage.

Vernonia noveboracensis

New York Ironweed

Size: #2 | Zone: 5

Late Summer - Early Fall

Tiny, fluffy, vibrant purple flowers that all pollinators love! Very low maintenance and easy to grow.

Shrubs

Ilex verticillata

Southern Gentleman Winterberry Holly

Size: #3 | Zone: 3

Mid Summer

Male upright holly with rich dark green foliage. Great pollinator to female hollies. Works well in rain gardens and can tolerate wet or swampy conditions.

Ilex verticillata

Winter Red Winterberry Holly

Size: #3 | Zone: 3

Late Spring - Early Summer

Upright, oval shaped, female holly with leathery dark green leaves, white flowers, with a dazzling display of bright red berries. Works well in swampy conditions.

Itea virginica

Henry's Garnet Sweetspire

Size: #3 | Zone: 5

Late Spring - Fall

Slender fragrant white flowers with foliage that turns red-purple into fall. Will tolerate wet conditions. Good for erosion control.

Juniper virginiana

Grey Owl Juniper

Size: #3 | Zone: 2

Early Spring - Winter

Low growing evergreen conifer shrub with silvery green thread-like foliage. Drought tolerant.

Leucothoe axillaris

Coastal Doghobble

Size: #3 & #5 | Zone: 5

Early - Mid Spring

Broadleaf evergreen shrub with fragrant bell shaped white flowers, perfect for color in shady areas. Good for planting on slopes.

Myrica pensylvanica

Northern Bayberry

Size: #3 | Zone: 3

Early - Mid Spring ; Fall

Semi-evergreen rounded shrub with yellow-green catkin flowers and grey berries in fall. Tolerates high winds and a wide range of soils.

Rhodo. Maximum Rosebay Roseum
Pink Rosebay Rhododendron

Size: #5 | Zone: 4

Mid Spring - Early Summer

Upright broadleaf evergreen with large, bright showy pink flowers. Tolerates heavy shade.

Rhus aromatica
Fragrant Sumac Gro-Low

Size: #3 | Zone: 3

Early - Mid Spring

Fast growing deciduous shrub with yellow flowers and bright red foliage in fall. Excellent for stabilizing banks or slopes.

Viburnum nudum
Winterthur With Rod Viburnum

Size: #5 | Zone: 4

Mid Spring - Early Summer

Dense upright shrub with cream flat-topped clusters of flowers and deep red foliage in fall. Good choice for rain gardens.

Ferns

A close-up photograph of a vibrant green fern frond, showing the intricate, feathery structure of the leaves. A small, red ladybug with black spots is perched on one of the fronds, adding a touch of life and detail to the scene. The background is dark and out of focus, making the fern and the ladybug stand out prominently.

Dryopteris marginalis

Marginal Wood Fern

Evergreen clumping fern with blue-green foliage

Size #1

Zone: 3

Early Spring - Winter

Athyrium filix-femina

Lady Fern

Size: #1 | Zone: 4

Mid Spring - Fall

Small, easy-to-grow, and shade loving with lacy foliage. Can tolerate drier soils more than other ferns.

Matteuccias struthiopteris

Ostrich Fern

Size: #1 | Zone: 3

Mid Spring - Fall

Large, light green statement fern with feathery plumes. Considered the largest variety of fern!

Osmunda cinnamomea

Cinnamon Fern

Size: #1 | Zone: 4

Mid Spring - Fall

Dramatic, cinnamon stick like spikes that emerge in center of blue-green foliage.

Dennstaedtia punctilobula

Eastern Hayscented Fern

Size: #1 | Zone: 3

Mid Spring - Fall

Hay scented and colony forming with feathery foliage. Tolerates rocky soils.

Onoclea sensibilis

Sensitive Fern

Size: #1 | Zone: 4

Late Spring - Fall

Shade and moisture loving, great for swamps or marsh areas.

Osmunda regalis spectabilis

American Royal Fern

Size: #1 | Zone: 3

Mid Spring - Fall

Tall broad green foliage turning yellow to brown in fall. Good choice for rain gardens.

Polystichum acrostichoides

Christmas Fern

Size: #1 | Zone: 3

Early Spring - Winter

Evergreen, clumping, broad foliaged fern.

Great for soil erosion.

Polystichum braunii

Braum's Holly Fern

Size: #1 | Zone: 3

Mid Spring - Late Fall

Broadleaf, semi-evergreen, forming in a crown shape.

Prefers shade.

Vines

Wisteria frutescens

Amethyst Falls Wisteria

Climbing vine with large, light purple fragrant flowers. Perfect for smaller spaces and moist areas.

Size: #3

Zone: 5

Wisteria macrostachya

Blue Moon Kentucky Wisteria

Hardest wisteria variety vine with large blue-purple fragrant flowers, blooming 2-3 times a season.

Size: #3

Zone: 4

Grasses

Carex pensylvanica
Pennsylvania Sedge

Shade loving, semi-evergreen, dwarf, green grass with tan and purple plumes in fall.

Size #1
Zone: 3

Mid Spring - Late Summer

Andropogon gerardii

Blackhawks Big Bluestem

Size: #3 | Zone: 3

Mid - Late Summer

Fast growing green and purple grass with showy purple plumes in fall. Excellent drought tolerance and good for erosion control.

Carex appalachica

Appalachian Sedge

Size: #1 | Zone: 3

Mid Spring - Fall

Dwarf clumping grass with small spikes in spring that provides nectar to pollinators and seeds to birds in summer.

Carex laxiculmus

Bunny Blue Sedge Hobb

Size: #1 | Zone: 4

Mid Spring - Late Summer

Semi-evergreen, dwarf, blue-green grass, perfect for a pop of color in shady areas. Great as ground cover or in rain gardens.

Carex rosea

Rosy Sedge

Size: #1 | Zone: 3

Late Spring - Fall

Semi-evergreen, dwarf upright grass with rose tint and star shaped spikelets in fall. Will do well in difficult, dry, shady spots.

Chasmanthium latifolium

Northern Sea Oats

Size: #3 | Zone: 3

Mid Summer - Winter

Clumping, upright grass with bamboo like drooping leaves, turning golden yellow in the fall. Tolerant of poor soils.

Deschampsia cespitosa

Tufted Hairgrass

Size: #2 | Zone: 4

Early Summer - Winter

Semi-evergreen, cool season, upright green grass that turns to a golden straw color with airy, cloud like plumes.

Eragrostis spectabilis

Purple Lovegrass

Size: #2 | Zone: 5

Mid Summer - Fall

Small, warm season bunch grass with eye catching pinkish-purple plumes in late summer, transitioning to brown in fall. Great for sandy soils and hot, dry locations.

Juncus effusus

Soft Rush

Size: #1 | Zone: 4

Mid Summer - Fall

Water loving, clumping, green grass with brown plumes in fall. Helps prevent soil erosions. Provides habitat for birds and small animals.

Panicum virgatum

Cape Breeze Switchgrass

Size: #3 | Zone: 4

Mid Spring - Late Summer

Compact upright grass with green foliage into late fall with airy, amber plumes. Excellent for erosion control. Songbird friendly.

Panicum virgatum

Shenandoah Switchgrass

Size: #3 | Zone: 5

Mid Summer - Winter

Compact grass with blue-green foliage in spring, transitioning to purple/burgundy in early fall. Eye catching reddish-pink plumes appear in summer. Good for erosion control, for rain gardens, and mass plantings.

Schizachyrium scop.

Standing Ovation Little Bluestem

Size: #2 | Zone: 3

Early Summer - Winter

Compact statement grass with blue-green foliage in summer, transitioning to red, orange, and purple in fall. Tolerates clay soil, high heat and humidity. Seeds adored by many bird species. Excellent for erosion control. Great choice for rock and rain gardens.

Fit To Eat

Blueberries

Blueberries were first cultivated in New Jersey just 20 miles away from Medford Nursery!

Vaccinium angustifolium

Late Lowbush Blueberry

Size: #2 | Zone: 2

Mid Spring; Mid Summer

Compact, delicious blueberry bush, pushing bright white flowers in the spring before producing fruit.

Vaccinium corymbosum

Bluecrop Highbush Blueberry

Size: #3 | Zone: 5

Late Spring; Mid Summer - Early Fall

Large, upright blueberry bush, blooming with creamy-white flowers before producing fruit. Small, oval shaped foliage turning from dark green to various shades of red in fall.

Vaccinium corymbosum

Jersey Highbush Blueberry

Size: #3 | Zone: 5

Late Spring; Mid Summer - Early Fall

Medium sized, sweet blueberry bush, showing pinkish-white flowers in spring that are full of nectar. Perfect for pies, muffins, and other desserts! Foliage turning red in fall.

Vaccinium corymbosum

Patriot Highbush Blueberry

Size: #3 | Zone: 5

Late Spring; Mid Summer - Early Fall

Bushy, upright blueberry bush, with pink and white flowers in the spring before producing light blue, large blueberries. Foliage turns red and purple in the fall.
